The University of Sydney Statistics Society
STATSOC NEWSLETTER

Semester 2, Week 11

WELCOME TO THE VERY FIRST EDITION OF THE STATSSOC NEWSLETTER!

We're excited to introduce our brand-new newsletter, bringing you fortnightly updates on all things StatsSoc! From upcoming events and career opportunities to academic resources, industry insights and the latest society news, we'll keep you informed about what's happening in our community and beyond. Whether you're interested in developing your skills, connecting with like-minded students or getting more involved in university life, we hope this newsletter helps you make the most of what StatsSoc has to offer!

EVENT RECAP

Speed Friending

A huge thank you to everyone who joined us last week! It was great to see so many familiar and new faces, and we're thrilled that the event was such a success. We hope you enjoyed it as much as we did!

STATSOC

STATSOC

CURIOSITY CORNER

FUN FACT OF THE WEEK!

TOOLS OF THE WEEK!

Python Tool: value_counts() 🐍

Ever wondered which category appears most often in your dataset?

```
import pandas as pd
df['Category'].value_counts()
```

✨ Count unique values instantly — perfect for spotting trends and exploring your data!

Try it on your next dataset!
